

# Under 10ct Dry Sea Scallops

**BOS'N Dry Sea Scallops** are wild caught in the North Atlantic waters of the United States. **BOS'N Dry Sea Scallops** are always fresh never thawed. They are hand selected and size graded insuring consistently superior quality. **BOS'N Dry Sea Scallops** are always chemical free retaining their natural scallop flavor.

**BOS'N Dry Sea Scallops** can be used in a variety of dishes due to their firm texture and sweet flavor. Whether baked, broiled, grilled, and sautéed, you are guaranteed a delicious scallop full of natural flavor in every bite.

**BOS'N Dry Sea Scallops** come in 8lb metal gallons and are sized under 10ct/lb. These gallons are processed under strict quality control specifications to be in our **BOS'N** label.

Use **BOS'N Dry Sea Scallops** and be guaranteed Quality without Compromise!
