

Wild Pacific Salmon Portions

There is a big trend towards wild caught seafood. Wild Salmon is a wonderful source of Omega 3 oils and an excellent source of high quality protein. Give your customers what they want, at an affordable price! **Boston Pride Wild Pacific Salmon Portions** offer high quality fish, and superior workmanship at affordable prices. Each portion is hand cut from whole fillets. Skilled workers painstakingly remove the bones, skin, and fat line, sculpting portions of uniform color and shape. Since the fat or blood line is where off flavors concentrate you can be assured of a mild and pleasant flavor in every portion.

Boston Pride Wild Pacific Salmon Portions are well trimmed and free of tail portions. They are chemical free. **Boston Pride Wild Pacific Salmon Portions** are available in three sizes: 6, 8, and 10 oz. Each portion is individually vacuum packaged for freshness. This allows for quick, easy thawing. All three sizes are packed in 10 lb master cases.

Make sure to compare apples to apples. Can you offer your customers the wild salmon that they want? Are you getting skinless, boneless, fatline removed portions? Are they of comparable color and cut with what **Boston Pride** has to offer? Try our product and see why customers are coming back for more! **Boston Pride** quality seafood with a competitive edge!
