Discover unique dining experiences
with Foods From The Sea

Pasteurized Crabmeat

Foods From The Sea Premium Quality Crabmeat is cooked from live Blue Swimming Crab. We have developed a special pasteurization process that gives our product a consistent flavorful taste and appearance. It is meticulously handpicked to be virtually shell free.

Foods From The Sea Premium Quality Crabmeat is triple quality checked. Every shipment is tested at point of origin, then at independent laboratories in the United States. Finally, we quality check representative samples from every shipment in Stavis' own test kitchen. If it doesn't pass our quality checkpoints we don't sell it!

Foods From The Sea Premium Quality Crabmeat is perfect for anything from crab cakes and soup to party dips. With a wide variety of product types and clear and distinctive labeling for easy differentiation, you can stock the right products with confidence for your customers' specific needs. Foods From The Sea Premium Quality Crabmeat is packed in 1 lb UPC coded retail ready cans, either 6 or 12 per case.
