

## Stavis Seafoods Launches Three New Innovative Seafood Items

Wednesday, March 30, 2011 at 3:44PM EDT

Boston, MA – Stavis Seafoods, a leading international importer, exporter and distributor of fresh and frozen seafood, recently unveiled three new additions to its line of retail-friendly seafood. Stavis announced it expanded its Foods From the Sea brand by including Cooked Mussels and a Seafood Medley to the line. Stavis also added Hard Clams to its premium shell fish brand, Prince Edward. These new one-pound, retail units show the continued commitment

of Stavis to source new vendors and offer customers innovative items that will meet their diverse needs.

“Stavis Seafoods is constantly looking for new opportunities,” said Richard Stavis, CEO of Stavis Seafoods. “Seafood Medley, Cooked Mussels and Hard Clams, are perfect examples of our efforts to introduce high quality, affordable seafood in retail-friendly forms. Despite the struggling economy, we remain committed to delivering superior quality seafood from around the world that is delicious and convenient.”

Foods From the Sea IQF Seafood Medley includes a mix of great tasting fish and shellfish, including mussels, squid, imitation crab meat and shrimp. Extremely easy to cook, the Seafood Medley combines unique flavor with unmatched convenience. Rather than struggling to find a variety of seafood for chowders or stir fries, Foods From the Sea’s IQF Seafood Medley is a superior quality solution that is also low in calories. Packed in one pound, retail ready bags, Seafood Medley is a nutritious and delicious way to liven up any meal.

Foods From the Sea Cooked Mussels are delicious, farm-raised mussels cooked in their own shell and natural juices. Containing absolutely no additives, these mussels come from the cold waters of Chile and are blast frozen after being cooked to ensure maximum freshness. These Cooked Mussels are available in one and two pound bags and perfect for any retail freezer. Foods From the Sea Cooked Mussels are ideal for a range of bisques, soups, chowders, paellas, pastas or even just as a healthy snack.

Prince Edward Hard Clams are available year round and are lower maintenance and

less expensive than fresh clams. Extremely versatile seafood items, Prince Edward Hard Clams are perfect in any clam dish, including linguini with clam sauce or clams casino. Offering Topneck and Littleneck varieties, these Hard Clams are packed in a portion controlled, one pound bag. Tightly size graded and completely chemical free, these farm-raised Vietnam clams are easy to cook and ideal for your favorite recipes.

Stavis Seafoods has five unique brands. Foods From the Sea delivers unique dining experiences from around the world, while the Prince Edward brand focuses on providing premium shellfish items. The BOS'N brand delivers quality seafood without compromising freshness or taste while the Boston Pride brand provides convenience and value. Stavis also has an innovative new brand designed to deliver peak of season freshness all year round called ChillFresh. At Stavis Seafoods, we bring more to the table.

About Stavis Seafoods, Inc.:

Stavis Seafoods is a family business that has been a Boston Waterfront landmark since 1929. Originally called Stavis Ipswich Clam Company, Stavis Seafoods ships more than 34 million pounds of fresh and frozen seafood annually.
